April 19, 2011

City of Hazleton
Attn: Mr. John R. Ackerman, PE, PG, BCEE, F.NSPE
Director of Public Works
40 N. Church St.
Hazleton, PA 18201

Dear Mr. Ackerman,

Thanks for sending us the bid package for the video surveillance system bid package. Having done the East End and Diamond Fire Stations, we again appreciate the opportunity to provide video surveillance solutions.

Our bid is in full compliance with your specification, including installation. A one year warranty is provided on parts and labor, and lifetime technical phone/email support is provided on the complete system.

We have the following clarifications please:

- For improved reliability, we are providing a Windows 7 PC which runs the NVR software (RAID 5) and a separate 12 terabyte network storage solution running Windows 2008 Server (also with a RAID configuration). This also allows expandable recording storage if needed.
- PC has an Intel Xeon 5520 Intel processor, comparable to the Intel I7, but is a preferred solution for the 12 GB RAM we recommend for this application.
- Optional equipment not specified is provided (e.g. rack on casters, UPS, and network switch) for a truly complete solution if you desire.

Focusing of the cameras is not included at this time (this proposal assumes the cameras are already installed). We will setup and train you on the surveillance software.

Thanks for the opportunity to submit this proposal. Please call my cell phone (610-462-4702) if you have any questions.

Warmest Regards,

Larry Supon
President and Electrical Engineer

Qty Description

Base Offering Per Bid

1

ISF Video Calibration

Video calibration ensures that your Monitor color is realistic and that the light levels match the environment in your office for superb viewing. Manufacturers know that in the showroom people tend to buy the brightest display, not necessarily the best. When you bring it to the workplace, it is often way out of calibration. Calibration enhances viewing pleasure, decreases energy and eye fatigue, and adds to the lifetime of the Monitor.

1

Samsung 65" LED Monitor

This Samsung LED monitor brings a visually stunning picture with blacker blacks and whiter whites. Stand is included.

1

120 Degree, 5 GHz, 19 dBi Sector Antenna

Supplied with rocket attachment hardware. Is specifically designed for usage with MIMO radio.

2

5 GHz TDMA Base Station

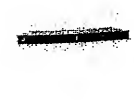

5 GHz High Power 2x2 MIMO TDMA Base Station has true carrier class network performance. Speed is 150 MBps. Range of 50 km outdoors. Includes Power Over Ethernet (POE) injector power supply. Operating range of -22 to +165 degrees F. Enclosure is outdoor UV stabilized plastic. Pole mounting kit is included.

1

Non-penetrating Roof Mount

Non-penetrating roof mount with 1-5/8" OD x 30" pipe. Includes rubber roof mat and cinder blocks.

1

Network DVR Recorder PC

This server PC has 64-bit Windows 7, 12 GB RAM, Intel Xeon Quad 4 processor, four USB ports, and DVD read/write optical drive. Has four 160 GB hard drives (320 GB of storage) and is configured for RAID 5, insuring a hot spare at all times. Firewall software is not included. Has Gigabit Ethernet port and mounts in 1 rack space.

1

12 Terabyte Network Storage Server

This Cisco 6-Bay Smart Storage centralizes and manages all your storage needs and more in a single affordable, high-performance solution. Runs Windows Server 2008 for maximum reliability and protection of recorded images. May be configured as various RAID levels for additional safeguarding of hard drive failures. Server license allows 5 simultaneous viewers (additional 5-pak licenses are available).

1

Video Surveillance Software

This software handles up to 32 network cameras. Provides high definition motion recording, live viewing, custom user settings and passwords, automatic email alarm notification, remote access, and remote alarm monitoring. Runs on a Windows 7 PC and is preloaded by Automated Lifestyles.

Subtotal for 'Base Offering Per Bid'

\$26,055.64

Option #1 UPS

1

Uninterruptible Power Supply

This APC 1500 VA UPS mounts in an AV rack and has six receptacles. Protects your critical equipment against power outages and damaging surges. Uses maintenance-free, sealed, lead acid battery (leakproof). Provides approximately 8 minutes of runtime at full load.

Subtotal for 'Option #1 UPS'

\$763.92

Option #2 Switch

1

Network Switch

High performance 16-port rack mountable Copper Gigabit Switch; automatically negotiates between 10Base-T, 100Base-TX and 1000Base-T network speeds, as well as half and full duplex modes.

Subtotal for 'Option #2 Switch'

\$287.96

Option #3 Rack to Protect Equipment

1

Equipment Rack on Casters

Configured model includes a 32" D cabinet with two sets of adjustable mounting rails, a mobile platform base, plexiglas front door, vented rear door and a laminate top in graphite grey. Convenient system also features removable knockout panels in the rear top and bottom for cord access. Overall height is 49.375".

Subtotal for 'Option #3 Rack to
House Equipment'

Terms and Conditions

Limited Warranty

Equipment warranties are in accordance with manufacturer's standard terms. No additional warranty is offered by Automated Lifestyles LLC. If, during the warranty period, any component fails to conform to the warranty specifications that component will be replaced or repaired by Automated Lifestyles LLC at no additional parts cost (labor service charges may apply). We guarantee all installation work to be free of defects for a period of one year from installation date. If service is required, we will be happy to provide you with excellent service for your system. Automated Lifestyles LLC regularly updates our product offerings. In our efforts to provide you with the very latest technology, we reserve the right to substitute the most up to date models available at the time of installation. This equipment shall remain the property of Automated Lifestyles LLC until all installation and equipment charges have been paid in full.

Limitation of Liability

The total liability of Automated Lifestyles (including its subcontractors and suppliers) for all claims, whether in contract, tort (including negligence and product liability), or otherwise, arising out of, connected with, or resulting from the manufacture, sale delivery, resale, repair, replacement, or use of any item of Equipment shall not exceed the price allocable to such item of Equipment. In no event shall Automated Lifestyles be liable for indirect, or special damages, including (without limitation) claims of customers for service interruptions or failure of supply, injuries to persons or equipment, and costs and expenses incurred in connection with labor, overhead, transportation, installation, or removal of equipment.
